Subject: Section 404 memo

Cara --

In researching 404 procedures, I see reference made to a January 24, 2002 memo from the assistant administrator to regional administrators that discusses the types of resources and actions that might be elevated to ARNI status and possibly higher. I cannot find that memo. Do you have a link or reference to it?

BTW - Your colleagues did a fine job connecting with the local people during their visit to Dillingham, AK on June 28. It was a substantive and heartfelt meeting with feelings and data flowing in both directions.

To jog your memory -- we met in Seattle at a May 22, 2010 meeting on the issue of the proposed Pebble Mine in the Bristol Bay area.

Thanks very much for any help you can provide on the memo above,

Bob Waldrop
